## WORK EXPERIENCE

### Senior Front-End Developer / Tech lead

Remote In → [Idealween.com](#)

Tehran May 2024 – Present

#### - Technical Leadership & Project Management :

Led cross-functional teams in feature planning and development, collaborated with stakeholders to define requirements, and designed scalable database schemas aligning with business goal

#### - Code Development & Quality Assurance:

Developed clean and modular front-end codebases using modern frameworks like Next.js and React.js, conducted thorough code reviews, and implemented robust testing environments for reliable software delivery.

#### - Knowledge Sharing & Team Mentorship :

Mentored junior developers, facilitated knowledge-sharing sessions on Web3 and PWA technologies, and contributed to UI/UX discussions to enhance product design and team capabilities.

#### - Used Technologies :

NextJS 15 , ReactJS , SurveyJs , Antd , TailwindCss , Seo , Zustand

## SKILLS

### - Programming languages:

JS-TS , HTML5, CSS3, SCSS, SQL

### - Frameworks

NextJS – ReactJS – NestJS (PostgreSQL)

### - Testing

Jest , Cypress

### - Libraries

Web3 - Web3Modal - Web3Tron – Wagmi – Viem – GSAP – Lenis - Lottie - Axios - TanStack Query - Zustand - Redux -Yup – Zod – Swiper -Formik - Recharts.js - ThreeJs - SurveyJS

### - UI Libraries & Tools

Shadcn/ui – MuiD- AntD – NextUi – Tailwindcss – Sass/less -Scss

### - Code Skills

SOLID Design Pattern – Micro FrontEnd - Best Practice - Clean Code – First Mobile – PWA / TWA - RestAPI - GraphQL

### - UI Design

Figma - Adobe Illustrator

## Senior Front-End/Back-End Developer

Remote In → [Celeste-Ai](#)

USA Nov 2024 – May 2024

### - Full-Stack Development & Optimization:

Developed high-performance web applications by optimizing algorithms and implementing advanced effects like drag-and-drop functionalities using DnD Kit, while ensuring seamless front-end and back-end integration.

### - UI/UX Design & Collaboration:

Designed intuitive UI/UX interfaces, provided UX guidance to front-end developers, and collaborated closely to enhance user experience and streamline interactions across platforms.

### - Back-End Development & API Design:

Engineered robust back-end solutions using NestJS, designed RESTful APIs and database schemas, and authored comprehensive technical documentation to support scalable and maintainable systems

### - Used Technologies :

NextJS, ReactJS , Material Ui , DnD kit , Component style ,sass , Redux , NestJs , Progress DB

### - Version Control & Methodologies

Git, GitHub, Agile

### - Browser & Device Integration

Camera Access, Sensor Integration, Location Finder, SMS OTP Access

### - Other

PWA – TWA

## Senior Front-End / Team lead

Remote In → [Silverage.co](#)

Mashhad 2019 – 2023

### - Website Development & Optimization

Developed over 10 shopping websites using Next.js and Tailwind CSS, ensuring full responsiveness and optimizing performance for search engines.

### - Progressive Web Apps (PWA) Implementation:

Created fully responsive PWA-based websites with native-like experiences, leveraging modern UI/UX skills and best practices.

### - Code Efficiency & Reusability:

Implemented a base code structure using the MVC model in Next.js, separating API logic with custom hooks, which accelerated development speed by 65%..

### - Used Technologies :

NextJS, tailwindCss , Swiper , Zustand , Context Api , Browser and Device integration , PWA , TWA

## Senior Front-End/Back-End Developer

Remote In → [Rootip.io](#)

United Kingdom May 2020 – December 2020

### - Embedded Widget Development:

Developed a Web Shadow widget designed to function as an embeddable component, enhancing website functionality and user interaction..

### - Dashboard Creation with React:

Built a dynamic and interactive dashboard using React, providing users with real-time data visualization and seamless navigation.

### - Website Development with Next.js

Crafted a high-performance website leveraging Next.js, ensuring optimal loading speeds, SEO optimization, and a responsive design for all devices.

### - Used Technologies :

NextJS, ReactJS , tailwindCss , Swiper , Stripe payment,

## EDUCATION

**Islamic Azad University Of Gonbad  
Qabous**

Bachelor Degree, Computer Software  
Engineering

2020 – 2024

## LANGUAGES

**Persian** (Native proficiency)

**English** (intermediate proficiency)

**Azeri** (Native proficiency)

**Turkish** (intermediate proficiency)
